**THE NAVY HAS \$40,000 TO HELP PAY
FOR YOUR EDUCATION**

A Naval Reserve Officer Training Corps (NROTC) scholarship pays for tuition, fees, and books at over 60 colleges and universities across the nation, and provides a tax-free allowance of \$100 a month for up to 40 months. You may be eligible for a 3½, 3, 2½ or 2 year scholarship; if qualified, you could receive over \$40,000 to help you get the kind of college education you want. The 2-year college program is a non-scholarship option which helps defray the cost of your education by paying you \$100 a month during your junior and senior years.

Competition for NROTC Scholarship is based on academic ability and demonstrated leadership potential, not on your family's financial situation. After graduation, you'll immediately move into a responsible, decision-making position as a Navy or Marine Corps Officer.

To see if you can qualify for an NROTC Scholarship, contact your Navy representative: **Lt. J. W. Kasiski**

Fraudulent Billing Can Lead to Prosecution

It is illegal for a person to charge long distance calls to another person's authorization code or calling card without permission. Persons placing such calls to avoid payment for service are subject to prosecution and if convicted are subject to imprisonment and/or a fine.

Harassment by Telephone

It is a crime under both state and federal law for anyone to make obscene or harassing telephone calls. These laws have penalties of imprisonment and/or a fine.

Billing

You will be billed from the Accounts Receivable Office for your basic service and long distance calls. (Only one resident in each single unit will be billed for basic service.) The Telecommunications call detail statement will be mailed to you monthly. Please make your payment from the **Accounts Receivable** bill, and return your payment to the Treasurer's Office, 122 Beardshear. **To ensure correct application of your payment, please indicate the amount which is to be applied to your Telecommunications charges.**

To avoid loss of service, bills must be paid monthly. The initial reconnection charge (non-refundable) is \$25. Each subsequent reconnect charge will be \$50.

Note: You will be charged for unanswered long distance calls if you allow the phone to ring more than six times or if you do not hang up promptly upon hearing a busy signal.

If you lose your authorization code slip, contact the Telecommunications Office **immediately!** **You are responsible for all calls charged to your authorization code. Do not give this information to anyone else.** We strongly recommend that you memorize your code and then destroy the authorization code slip.

QUESTION #2.

HOW CAN THE BUDGET-CONSCIOUS COLLEGE STUDENT SAVE MONEY?

- a) **Save over 50% off AT&T's weekday rates on out-of-state calls during nights and weekends.**
- b) **Don't buy textbooks when "Monarch Notes" will do just fine.**
- c) **Save 40% off AT&T's weekday rate on out-of-state calls during evenings.**
- d) **Count on AT&T for exceptional value and high quality service.**
- e) **Hang around with the richest kids in school; let them pick up the tab whenever possible.**

If you're like most college students in the western hemisphere, you try to make your money go a long way. That's why you should know that AT&T Long Distance Service is the right choice for you.

* AT&T offers so many terrific values. For example, you can save over 50% off AT&T's day rate on calls during weekends to 8 am, until 5 pm Sunday, and from 11 pm Sunday through Friday.

Call between 5 pm and 11 pm, Sunday through Friday, and you'll save 40% off our day rate.

Ever dial a wrong number? AT&T gives you immediate credit if you do. And of course, you can count on AT&T for clear long distance connections any place you call.

To find out more about how AT&T can help save you money, give us a call. With a little luck, you won't have to hang around with the rich kids. Call toll-free today, at 1 800 222-0300

AT&T

The right choice.

Even today, there are still a few students
who don't have an HP calculator.

Burning the
midnight oil
just might be
necessary.

Burning the 2:00 or 3:00 or 4:00 AM
oil is not only tiring, it's absurd.

Especially when an HP calculator
can get the answers you want — in time to get a good
night's sleep.

For instance, our HP-15C Professional Scientific
Calculator has more built-in advanced math and
statistical power than any other calculator.

Our HP-41 Advanced Scientific Calculators have
even more potential.

That's because there are better than 2500 software
packages available for them — more than for any other
calculator.

There's even a special plug-in software package
(we call it the Advantage Module) that's designed to
handle the specific problems an engineering student
has to solve in his, or her, course work.

No wonder professionals in engineering widely
regard HP calculators as the best you can get.

So check one out. Then, when your mother calls to
ask if you're getting enough sleep, you won't have to lie.

By the way, if you want more information, just give
us a call at 800-FOR-HPPC.
Ask for Dept. 734C.
